SEARCH FOR ACADEMICS WITH EXPERIENCE IN INSTITUTIONAL AUDIT OR EXPERTS IN HIGHER EDUCATION ISSUES FOR INSTITUTIONAL AUDIT

The National Council for Higher Education (NCHE), as an external agency responsible for quality assurance in Namibia, is embarking upon an institutional audit exercise at two private higher education institutions in November 2024, respectively.

An independent audit panel must be constituted to assist the NCHE with the review exercise. NCHE will highly appreciate your assistance in identifying and recommending suitably qualified individuals to serve as audit panel members through your office and contacts within the university fraternity or retired managers. The nominated candidates must have experience in institutional audit, expertise in higher education issues, and active/retired institutional managers. Furthermore, the expertise should include aspects such as finances, teaching and learning, quality management, research, governance and management, and community engagement.

The audit is expected to take approximately twelve (12) days including Saturdays. NCHE will cover all expenses related to exercise such as, international and domestic travelling, accommodation and meals.

Kindly submit the names of the nominees with detailed CVs to qa@nche.org.na by 30 September 2024.

Your prompt feedback will be highly appreciated.

Yours truly

Sylvia Demas

DEPUTY EXECUTIVE DIRECTOR
